# PRINCIPAL'S MESSAGE

Dear Year 7 Parents and Students,

I am truly honoured to introduce myself as the Principal of Bonnyrigg High School and to officially welcome you to the school. As the Principal I am excited and committed to leading a strong culture founded on high expectations that will foster continual improvement across the school and enhance outcomes for all students.

Bonnyrigg High School is renowned for its high performance and strong learning culture, underpinned by clear expectations for academic success. Our exemplary student wellbeing programs ensure that every student is supported in their educational journey, while our relentless focus on explicit teaching provides a solid foundation for learning.

At Bonnyrigg High School, we challenge our students to engage in a holistic educational experience that encompasses intellectual, creative, social, emotional, and physical development. Our supportive and inclusive environment empowers students to pursue their individual goals, fostering the growth of effective and responsible global citizens who appreciate the value of lifelong learning.

Our dedicated staff engage in high-impact professional learning and collaborate extensively to drive data-informed practices that lead to continuous improvement in student outcomes. Over the next four years, our school priorities, developed through thorough consultation with students, staff, and the community, will guide our efforts to enhance learning across a wide range of academic, sporting, vocational, cultural, and co-curricular experiences, ensuring that every student at Bonnyrigg High School can thrive and succeed.

Bonnyrigg High School has a strong school culture that is underpinned by the core values of CHEER: Connection, Honesty, Empathy, Excellence, and Respect, and as your Principal, I hold high expectations for both staff and students and encourage everyone to demonstrate these values strongly within the school. The school's motto is "Shall strive for the best" and this is the aim of all stakeholders within the school to achieve continual improvement, outstanding results and amazing outcomes for all students. My primary focus is to identify and nurture the talents of every student, helping them to realise their full potential and develop a love of learning that empowers and supports the attainment of successful post-school pathways for all students.

To achieve this, the school is committed to several key areas:

1. **Academic Excellence:** Our aim is to develop our teachers into experts in the curriculum, providing differentiated instruction that meets the diverse needs of all students. We will focus on the explicit teaching of literacy and numeracy skills through evidence-based teaching methods to ensure high levels of engagement and prepare students for future success.
2. **Wellbeing and Inclusion:** The wellbeing of our students is paramount. The school is committed to creating an environment where every student feels known, valued, and cared for. We implement programs that promote mental health, resilience, and positive relationships, fostering a culture of inclusivity where every voice is heard.
3. **Attendance and Engagement:** Strong attendance and punctuality are essential for learning and wellbeing. At Bonnyrigg High School there is an expectation for all students to achieve an attendance rate of over 95%, as consistent attendance significantly impacts academic success and social integration. I encourage families to prioritise school attendance and establish routines that support punctuality.

4. **Engagement:** Partnerships with families and the wider community are crucial for our school's success. Engaging parents and caregivers enhance educational experiences for our students and fosters a collaborative support network. Bonnyrigg High School has a strong P&C who works closely with the school to support improved outcomes for all students, and I encourage all Year 7 parents to engage with the school by joining the P&C. I look forward to working with you and facilitating open communication to ensure everyone's voice is heard.
5. **School Culture:** Bonnyrigg High School has a strong school culture where students take pride in attending the school and demonstrate this in their behaviour, participation, engagement and presentation. I am a firm believer that students should take pride in their presentation and wear their uniform with pride as it fosters a strong school culture and cultivates a sense of belonging and unity among students. Appropriate footwear is also essential as a WHS requirement in learning spaces. I thank you for your support of this school policy enhancing our uniform standards and creating a positive school image and culture.

Welcome to the school and congratulations on making an outstanding decision to enrol your child at Bonnyrigg High School and entrusting us with the education of your child. I look forward to forming a strong partnership with you to support your child's education and their attainment of outstanding outcomes and achievements.

Warm regards,

Mr R Hooke

Students whose behaviour is of concern at school may not be permitted to attend excursions.

School uniform **MUST** be worn on all excursions unless you are told otherwise. If you turn up to go on an excursion and you are not in uniform, you will not be allowed to go. In all cases parents/carers will be informed by email via School Bytes of all the details. The permission must be given to the school with the payment at the office or online.

Students who behave inappropriately on excursions may lose the privilege of attending future excursions.

Remember that when you go on an excursion, you are representing the school, and the reputation of the school is judged by the behaviour you display. Be courteous and thank those who may assist you on your excursion.

# THE BONNYRIGG HIGH SCHOOL ST JOHN AMBULANCE CADET DIVISION

St John Ambulance is a not-for-profit organisation and one of the major leading providers of first aid in NSW and Australia. It aims to provide communities the ability to provide first aid. First aid is the initial treatment that is completed to assist a patient in their injury, and it teaches individuals how to effectively treat and manage any patients.

St John Ambulance is widespread in NSW and Bonnyrigg High School has the special privilege to be able to hold one of only two high school-based Cadet Units. All other units are community based.

The Bonnyrigg High School Cadet Division is exclusive in it only recruits students from Bonnyrigg High School. Choosing to become a member of the Division will open a vast array of opportunities for the individual student to grow. They not only teach first aid in a fun, active and engaging environment, the student will be able to develop their confidence and leadership skills, meet new people, make new friends, develop endless networking opportunities and prepare themselves for life outside of high school.

The Bonnyrigg High School Cadet Division is a fantastic opportunity for students to expand their extra-curricular activities and to raise attention to the importance of learning first aid. Learning first aid could save a life.
